

# MICHAEL D. JONES, PH.D.

PARTNER

503.473.0885 | michael.jones@klarquist.com

## OVERVIEW

Mike's practice focuses on the preparation and prosecution of patent applications in the fields of optics, electronics, semiconductor device design and processing, cryptography, computer software and hardware, wireless and lightwave communications, and electro-mechanical technologies.

Mike joined Klarquist in 1996 as a patent agent and became partner in 2003. Mike served as Klarquist's managing partner from 2014 to 2015.

---

## PROFESSIONAL EXPERIENCE

► Tektronix | Principal Physicist | Beaverton, OR

Product design and development in a variety of technologies including lightwave communications, fiber optics, signal processing, liquid crystal devices, lasers, electro-optics, nonlinear optics, electron optics, optical system design, chemical sensors, signal processing, and high speed electronic systems.

---

## PROFESSIONAL ACTIVITIES

► Past President, Columbia Section, Optical Society of America

► Served as Adjunct Professor, Portland State University and the Oregon Graduate Institute

## EDUCATION

J.D., *cum laude*, Lewis & Clark Law School, 1997

Ph.D., Applied Physics, Oregon Graduate Institute, 1980

A.M., Physics, Washington University, St. Louis, Missouri, 1974

A.B., Physics, Washington University, St. Louis, Missouri, 1972

## ADMISSIONS

Oregon, 1997

U.S. Patent and Trademark Office, 1998 (Reg. No. 41,879)

## PRACTICE AREAS

Patents

Trademarks

Intellectual Property

Counseling

Litigation

## TECHNOLOGY AREAS

Physics & Optics

Chemical

Electrical & Semiconductors

Nanotechnology

Software & Internet

Technology

Mechanical

Medical Devices & Diagnostics
